2.2 Develop, Maintain and Review the Criteria for Recruitment Process and Annual Assessment of Directors

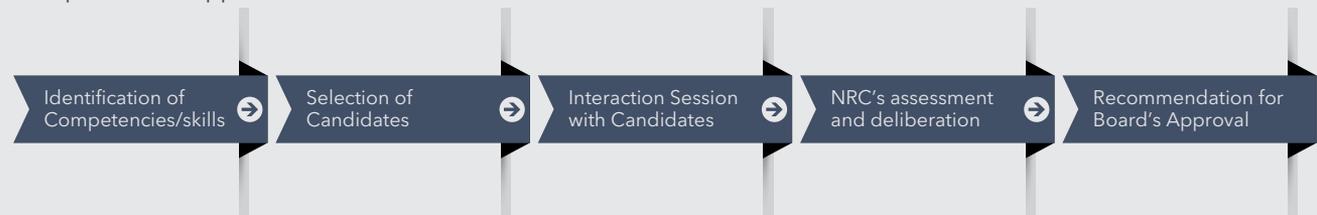

Appointment of Directors

The Board has put in place adequate and effective selection process and procedures for the recruitment or appointment of new Directors and members of the Board Committees.

In assessing and making recommendations to the Board on the candidacy of Directors or appointment of Directors to Board Committees, the NRC considers the candidates' competencies, commitment, contribution and performance, skills, knowledge, expertise and experience, professionalism, background, integrity and leadership qualities. In the case of candidates for the position of Independent Non-Executive Directors and the existing Independent Non-Executive Directors, the NRC also evaluates the candidates' ability to discharge such responsibilities/functions as expected from an Independent Non-Executive Director.

For the appointment of new Directors, the Company adopts the nomination process which involves identification of candidates, assessment of candidates based on the criteria, covering both qualification and experience set by the Board, meeting with the candidates, and deliberation and recommendation of suitable candidates by the NRC to the Board for approval.

The process of appointment of new Directors are as follows:-

The Company has also adopted an induction programme for newly appointed Directors. The induction programme aims at communicating to the newly appointed Directors, the Company's vision and mission, its philosophy and nature of business, current issues within the Company, the corporate strategy and the expectations of the Company concerning input from Directors.

Diversity lies at the heart of our values and is a distinctive element of our brand. The Board considers diversity as a priority and specifically looks not only at gender diversity, but also geographical diversity, diversity of skills and experience amount our strands.

The Board believes that while it is important to promote gender diversity, it decided not to set specific targets just to fill the quota for gender diversity as the selection criteria of a Director will be based on an effective blend of competencies, balance of skills, extensive experience, knowledge in areas identified by the Board and independence, to bring relevant perspective to Board discussions.

Although the Board does not have any gender diversity policies and targets or any set measures to meet any target, nonetheless, the Group is an equal opportunity employer and all appointments and employments are based strictly on merits and are not driven by any racial or gender bias.

In answering the Prime Minister's call for Government Linked Companies to lead the way in supporting the Government's aspiration to champion diversity in the board composition by achieving 30% women representation on the board of listed companies by end of year 2016, Pn. Zailah Tun Dr Ismail Al-Haj, a former Public Affairs advisor to the Governor of the Malaysian Central Bank has been appointed to the Board on 1 December 2016. With the latest appointment, the Board has two (2) female Directors, which makes up to 25% women representation on the Board.

In line with the Malaysian Government's aspiration to have more women serving on board of listed companies, the Board has adopted a Policy on Top Management External Directorships, to allow the appointment of Top Management Lady Executives to serve on the board of other Government Link Companies and public listed companies.

Re-appointment and Re-election of Directors

The Company's Articles of Association provides that one-third (1/3) of the Directors shall retire from office at every Annual General Meeting ("AGM"). The Articles also provide that all Directors shall retire from office at least once in every three (3) years. A retiring Director shall be eligible for re-election. Directors who are appointed by the Board during the financial period before an AGM are subject to re-election by the shareholders at the next AGM to be held following their appointments.

The performance of those Directors who are seeking for re-appointment or re-election at the AGM will be assessed by the NRC whereupon the recommendations will be submitted to the Board for decision on such proposed re-appointment or re-election of the Directors concerned, prior to seeking the shareholders' approval at the AGM.

The NRC is responsible for making recommendations to the Board on the appropriate size composition. In discharging its responsibilities, the NRC would take into account the following criteria in evaluating the suitability of candidates:-

- competencies, commitment, contribution and performance;
- skills, knowledge, expertise and experience;
- professionalism;
- background;
- integrity;
- leadership qualities; and
- in the case of candidates for the position of Independent Non-Executive Directors, the candidates' ability to discharge such responsibilities/functions is also evaluated.

Board Effective Assessment ("BEA")

The Board conducts an annual evaluation of its activities and performance as prescribed in MCCG 2012, the Green Book on Enhancing Board Effectiveness and Listing Requirements. Through its BEA which is designed to identify the strengths and weaknesses of the Board operations and established a common understanding of the Board's roles and responsibilities with a view to maximising Board performance, the Board via NRC evaluates the overall Board's performance against criteria that the Board determines are important to its success.

In view thereof, an annual assessment is carried out via the BEA to review the independence of the Independent Directors.

The BEA for the Board and its Committees of the Company is carried out annually to maintain cohesiveness of the Board of the Company and at the same time, serves to improve the Board's effectiveness.

The BEA also covers the assessment of the independence of the Independent Directors, which takes into account how the Independent Directors have demonstrated effectiveness as an Independent Director, as per regulatory requirements and the ability of the Independent Directors to think and act independently and not to be duly influenced by the Management.

Upon completion of the BEA by the Board and Board Committees members, the results are collated and a detailed report will be presented to the NRC for assessments, evaluations and subsequently to make appropriate recommendation to the Board. All assessments and evaluations carried out by the NRC in the discharge of all its functions are properly documented.

The roles and responsibilities of the Chairman and the Managing Director/Chief Executive Officer are clearly defined and reviewed if there are significant changes to the Company's strategy, operations, performance or management. Each has clear scope of duties and responsibilities that ensures a more equitable distribution of accountabilities. This distinction also reinforces the check and balance proposition.
